Christian Foster Parents in many states face state actions that threaten their licenses. Rhys and Lynn Crawford (Washington) were threatened with revocation of their foster home license. They refused to put children who presented themselves as the opposite sex in rooms with children aligned with their gender identity. Thanks to the Alliance Defending Freedom (ADF), a judge determined that the city improperly denied them their license and that there was no basis to believe that their religious beliefs should disqualify them from the foster program.

Wednesday night dinner and Bible Study begin on March 16. All are welcome. See Bulletin board notice for more details.

Cookies Wanted for our coffee hour after church on Sundays. Bought or homemade are fine. Please see Dianne if you have any questions.
